TESTIMONIAL LOVE

"I am overflowing with gratitude and just had to share this with you. Your Return to Avalon retreat was absolutely phenomenal for me. I knew I was meant to be there, but the way you held the whole experience, with acceptance, care, and presence was beyond anything I could have imagined. The inner growth I experienced exceeded my greatest expectations. From the places we visited, to the experiences we shared, the transmissions from Mary Magdalene, to the incredible tribe of women you brought together - it was all next level.

The healing I received from you has been incredibly transformative, and I'm still recalibrating everything from the retreat. My whole life feels like it has shifted. I've stepped back from everything and everyone to truly reclaim myself, and I want to honour the part you played in that. It's liberating and empowering, and I now see and honour myself first and foremost. It's a whole new way of being, doing, and having, and it's just wonderful.

Thank you so much for being part of this journey with me. I carry so much gratitude in my heart and I'm already looking forward to the next retreat.

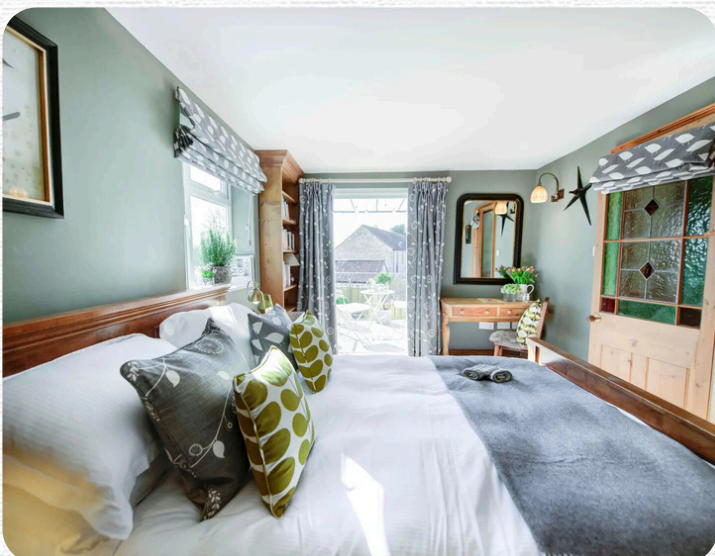

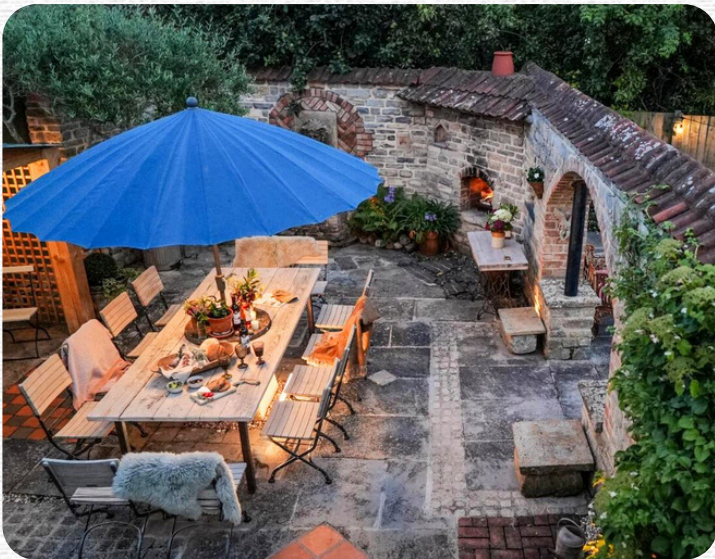

Wishing you all the joy. Much love and gratitude."
